

# Mid Company Strategy

## OVERVIEW

Brown Capital Management strives to build investment programs that meet the needs of genuine long-term investors. Investment team members execute a time-tested process that seeks to position them as patient business owners, rather than short-term traders. They invest with the courage of their convictions, no matter the market environment.

## A METHODOICAL APPROACH TO INVESTING IN EXCEPTIONAL MID COMPANIES

The investment team seeks to identify and invest in exceptional companies that save time, lives, money or headaches, or provide compelling value proposition to consumers. The portfolio is comprised of 40-60 of these exceptional mid sized growth companies that have the potential to grow revenues and earnings significantly over a three-to-five-year evaluation horizon and beyond.

## BENCHMARK AGNOSTIC

Experience taught Brown Capital Management that managing to a benchmark can be a distraction and a threat to long-term results. Therefore, the portfolio's holdings and performance may vary significantly from common indexes over time. As a result, the firm's low turnover approach may be best suited to investors who maintain a long-term investment horizon.

## RISK MANAGEMENT

Managing risk occurs through portfolio diversification and, most important, an in-depth awareness of risk at a company level.

## QUARTER END PERFORMANCE

As of 12/31/20	QTD	YTD	1 Year	Annualized			
				3 Years	5 Years	10 Years	Since Inception*
Net <sup>1</sup>	15.85%	43.93%	43.93%	26.06%	N/A	N/A	24.14%
Russell Midcap Growth Index	19.02%	35.59%	35.59%	20.50%	N/A	N/A	21.67%

\* Since inception performance is based on Composite Creation Date. Gross numbers are furnished upon request.

For the purpose of performance presentation, the composite had an uninterrupted performance track record from December 31, 1992 to November 30, 2016, a "performance gap" from November 30, 2016 to December 31, 2016, and an uninterrupted performance track record from December 31, 2016 to December 31, 2020.

Note: Performance results are net of executive costs and reflect the reinvestment of interest, capital gains, and dividends net of any withholding tax. Net of fees performance through 12/31/14 is calculated using the highest management fee and reflects the deduction of performance based fees when applicable. Beginning January 2015, actual fees have been used to calculate net of fee performance. Fees paid vary by client.

Please refer to the attached Performance Presentation and Disclosures. It contains additional required disclosures and important information regarding calculation of performance data, including the general effect of fees on returns. Past performance is not a guarantee of future results.

## MID COMPANY INVESTMENT TEAM

[Kayode O. Aje, CFA](#)

Managing Director  
Senior Portfolio Manager  
14 years industry experience

[Eddie C. Brown, CFA, CIC](#)

Founder, Chairman & CEO  
50 years industry experience

[Walton D. Pearson](#)

Managing Director  
Senior Portfolio Manager  
35 years industry experience

[Kwame C. Webb, CFA](#)

Managing Director  
Senior Portfolio Manager  
13 years industry experience

The Mid Company Team oversees the Mid Company Strategy and the Mid Company Fund. Consistent with all Brown Capital teams, these tenured portfolio managers also serve as generalists in fulfilling their research duties. Clients benefit from the team's practical experience resulting from decades spent working through multiple market cycles. The team's first priority is to build the capital of clients, pursued primarily by investing in what we believe to be exceptional mid-sized growth companies. Selection of these companies is based on their capacity to grow over a three-to-five-year evaluation horizon and beyond.

# Disclosure Requirements

## Mid Company Strategy

AS OF DECEMBER 31, 2020

### Compliance Statement

Brown Capital Management (BCM) claims compliance with the Global Investment Performance Standards (GIPS®) and has prepared and presented this report in compliance with the GIPS standards. BCM has been independently verified for the periods January 1, 1993 through September 30, 2020. A firm that claims compliance with the GIPS standards must establish policies and procedures for complying with all the applicable requirements of the GIPS standards.

Verification provides assurance on whether the firm's policies and procedures related to composite and pooled fund maintenance, as well as the calculation, presentation, and distribution of performance, have been designed in compliance with the GIPS standards and have been implemented on a firm-wide basis. The Mid Company Composite has had a performance examination for the periods January 1, 1993 through November 30, 2016 and restarted from December 31, 2016 through September 30, 2020. The verification and performance examination reports are available upon request.

### The Firm

BCM is defined as an independent investment management firm established in 1983 that is not affiliated with any parent organization and is registered under the Investment Advisers Act of 1940. BCM manages a variety of equity and balanced accounts for domestic and international institutional clients. Policies for valuing investments, calculating performance, and preparing GIPS reports are available upon request. The firm's list of composite descriptions is available upon request.

GIPS® is a registered trademark of CFA Institute. CFA Institute does not endorse or promote this organization, nor does it warrant the accuracy or quality of the content contained herein.

### Composite

The Mid Company Composite -- The performance record of the composite which came to an end on November 30, 2016, represented the performance for fee-paying accounts of tax-exempt investors including those no longer under management where BCM has sole investment authority. The Mid Company Composite performance track record from December 31, 2016, includes both tax-exempt and taxable separately managed accounts where BCM has sole investment authority. The composite seeks long-term capital appreciation through investing in equity securities. The dominant portion of the portfolio is distinctly mid cap securities with market values less than \$20 billion. There has been no selectivity of account results for any period. No alterations of the composite have occurred because of changes in personnel, or for other reasons at any time. Data for all accounts has been continuous from each account's first full quarter of management through the last full month of management prior to cessation of the account. Investors should be cognizant of the fact that while, there is the potential of gains, there is also the potential of losses. Composite creation date is December 31, 2016, and reflects activity of current managers. Inception date is January 1, 1993.

### Benchmark

The composite is measured against the Russell Mid Cap Growth Index. The Russell Mid Cap Growth Index offers investors access to the mid cap growth segment of the U.S. equity universe. The Russell Midcap Growth Index is constructed to provide a comprehensive and unbiased barometer of the mid cap growth market. Based on ongoing empirical research of investment manager behavior, the methodology used to determine growth probability approximates the aggregate mid cap growth manager's opportunity set.

# Disclosure Requirements

## Mid Company Strategy

AS OF DECEMBER 31, 2020

### Methodology

The composite is reported in U.S. dollars. BCM has adopted a Valuation of Securities policy which requires that all client portfolios and investments reflect current, fair, and accurate market valuations. For month end pricing, BCM's policy is to use 4:00 p.m. prices for equity securities, where such is available. BCM utilizes, to the fullest extent possible, recognized and independent pricing services and/or qualified custodians for timely valuation information for advisory client securities. Whenever valuation information for specific, illiquid, foreign, private or other investments is not available through pricing services, the Chief Compliance Officer will work with the trader(s) and Portfolio Manager(s) to obtain and document price information from two independent sources if available, whether it be a broker-dealer, bank, pricing service, or other source. Any errors in pricing or valuations are to be resolved as promptly as possible, preferably upon a same day or next day basis, with re-pricing information obtained, reviewed, and approved by the Chief Compliance Officer and the Portfolio Manager(s) for the strategy.

Securities without market valuation information (e.g., illiquid securities, or other such situations) are to be reviewed and priced by the Trading Department and Chief Compliance Officer, in conjunction with an appropriate Portfolio Manager in good faith to reflect the security's fair and current market value. Through regular monthly reconciliation with custodian banks, any significant irregularities in prices will be detected and corrected before market values are finalized and performance calculation is done.

### Fees

Investment advisory fees are:

- 0.55% of first \$100 million of assets
- 0.45% of assets over \$100 million

Performance results are net of execution costs and reflect the reinvestment of interest, capital gains, and dividends net of any withholding tax. Net of fees performance through 12/31/14 is calculated using the highest management fee. Beginning January 2015, actual fees have been used to calculate net of performance. The net return is reflective of actual fees and fees paid vary by client.

### Internal Dispersion

Internal dispersion is calculated using the equal weighted standard deviation of annual gross-of-fees returns of those portfolios that were included in the composite for the entire year. For those years when less than five portfolios were included in the composite for the full year, no dispersion measure is presented.

### Ex-Post Standard Deviation

The 3-year annualized standard deviation measures the variability of the composite and the benchmark returns over the preceding 36-month period and is not presented for periods where 36 months of composite performance is not available.
